CITY LEGISTAR SYSTEM GOES LIVE

Beginning Friday, Oct. 25, Legistar, the City of Marquette's new online legislative access program, will be live. New City Commission agendas, minutes and videos will no longer be posted directly to the City website, but will instead be made available through Legistar InSite, the system's public portal.

Legistar, a program used by municipalities across the country, will allow the City of Marquette to create a robust online database based on the meetings and actions of the Marquette City Commission.

Utilizing InSite, citizens will be able to conduct detailed searches of Commission documents. Citizens will also have the ability to use InSite's alert system, which will send automated messages when specific information is posted to the Legistar system.

As always, agenda packets for upcoming meetings will also be made available in the City Clerk's office in City Hall, and at the Peter White Public Library.

The City of Marquette's Legistar InSite page can be found at: mqtcty.legistar.com.

Additional information on the system can be found on the City's website at www.mqtcty.org.
