LAKESHORE BOULEVARD BRIDGE REPAIRS

Beginning at 7:00 a.m. on Monday, September 23, 2013, the Lakeshore Boulevard Bridge at the Dead River will experience traffic disruptions due to bridge deck repairs. The bridge will be restricted to one lane during this repair process. Temporary traffic signals will be placed on each side of the bridge to control traffic flow. The bridge repairs are expected to be completed on or before October 5, 2013.

The public is advised to be aware of all flagging, advisory signing, and traffic control devices and to use caution when traveling through this area. Motorist using the bridge can expect short delays. The bike path over the bridge is to remain open without delays.

U.P. Concrete Co. is the general contractor for this project.

The City of Marquette asks you for your patience during the construction process.
