Department of Public Works / 228-0444

SNOW SAFETY

With the winter season upon us, the City of Marquette is asking all residents to refrain from building tunnels or forts inside snow banks by the street. Snow banks near the road can be a dangerous area to play as plow drivers and snow removal crews may not be able to see children playing in the snow banks. In addition, snow removal operations may weaken the structure of the bank, increasing the chance of a cave in.
