### **CITY OF MARQUETTE LET-RUNS**

Due to the deep frost levels, many residents in the City of Marquette were advised to let their water run to prevent water lines from freezing.

The City will notify these residents when the let-run advisory has been lifted. The City is still experiencing deep frost levels. Although the temperatures are warming up, the deep frost needs more time to thaw before the possibility of pipes freezing is eliminated.

Any updates or additional information can be obtained through our City website as well as future Public Service Announcements.
