Fire Department / 225-8936

ANNUAL HYDRANT TESTING SCHEDULED FOR JULY

The Marquette Fire Department will be conducting its annual fire hydrant testing in the City of Marquette starting Monday July 13 and continuing through Sept. 1.

This year's test area will be located from McClellan Ave. to the City's west boundary and north and south to the City limits. Fire Department officials ask that drivers use caution when approaching flowing hydrants and working firefighters. Homeowners may notice slightly discolored water for a short period of time during testing in their area.

The Marquette Fire Department thanks you in advance for your cooperation and understanding. If you have any questions, feel free to contact the fire department at 225-8936.
