

## PUBLIC SERVICE ANNOUNCEMENT

For Immediate Release  
**August 13, 2015**

For More Information:  
**City of Marquette Community Development Department / 225-8103**

### ***COMMUNITY MASTER PLAN SET FOR ADOPTION***

The City of Marquette is pleased to announce that the City of Marquette Planning Commission will hold a public hearing on Tuesday, Aug. 18 at 6 p.m. to consider adoption of the amended *Community Master Plan* document. The public is invited to attend this meeting at City Hall, 300 W. Baraga Ave.

Drafting the *Community Master Plan* involved an extensive public involvement process that began in spring 2012 with visioning workshops and surveys, and recently included a 42-day public comment period and Open House event, in order to provide a guiding document for the community that is infused with the expert input of residents and business owners of the City. Amendments to the 2004 *Community Master Plan* were extensive, and include not only a new format and update of all key information about the City, but the *Plan* also includes two new chapters on contemporary planning concerns, summaries of a major transit study and a plan for climate change adaptation, and a comprehensive sub-plan for improvement of the North Third Street corridor.

The Planning Commission will be conducting a public hearing to consider adopting the amended CMP document as the official *Community Master Plan* on the evening of Aug. 18. The draft amended *Community Master Plan* is currently available in the Planning Office at City Hall and on the City website: <http://www.mqtcty.org/plan-community.php>
