HAWLEY STREET DISRUPTIONS

Beginning at 7 a.m. Tuesday, Smith Construction will be removing partial sections of curbing along Hawley Street, between Longyear Avenue and the Bike Path Crossing. This work is the prerequisite for the curbing replacement and milling/overlaying for this street. This work will be done with intermediate road closures and the public is urged to use extreme caution and to follow all warning signs, lane shifts and other traffic control measures. The curb work is expected to take a few days. Additional announcements will be forthcoming for mill and overlay activities.

The City of Marquette asks you for your patience during this process.
