STREET DISRUPTIONS DUE TO CRACK SEALING ACTIVITIES

Beginning Monday, September 14, 2015, various streets in the City of Marquette will experience traffic disruptions due to crack sealing activities on our city streets by JCS, Inc.

The public is advised to be aware of all flagging and traffic control devices and to use caution when traveling through areas requiring this process. The contractor will be starting at the north end of the City of Marquette and working their way towards the south.

It is anticipated that all these areas will be completed by the end of September.
