Downtown Development Authority / 228-9475

WEST WASHINGTON STREET CONSTRUCTION

Beginning Monday, May 4, parking will be removed from West Washington Street between Third and Fourth Street for the removal and replacement of the curb, sidewalk, and landscaping between the curb and sidewalk. West Washington Street will remain open to traffic.

The project will begin on the south side of Washington Street and continue for approximately three weeks with the work described above. Pedestrian access to businesses will be maintained.

Upon completion of work on the south side, work will shift to the north side and is expected to continue for approximately three weeks. Pedestrian access to businesses will be maintained.

Parking will be removed from West Washington between Third and Fourth Street for the duration of the project.

Construction is expected to take approximately six weeks; however, delays may occur due to inclement weather or unforeseen circumstances. The motoring public is asked to proceed with caution through this area.

The City and Downtown Development Authority thank you for your patience and consideration while this section of downtown Marquette is improved.
