

PUBLIC SERVICE ANNOUNCEMENT

For Immediate Release

June 17, 2016

For More Information:

Engineering Department / 228-0440

PORTION OF SPRING STREET CLOSING FOR RECONSTRUCTION

Beginning at 7 a.m. on Monday, June 20, Spring Street from Third Street to Fourth Street will be closed to allow for the reconstruction of the street and underground utilities. This is the first phase of this two-phase project. This phase is scheduled to be substantially complete by the end of July.

Third Street will remain open to traffic but will be narrowed to allow for construction work. Fourth Street will be closed at the intersection with Spring Street, and will remain closed for the duration of the project; the public will need to use the adjacent streets to get to their planned destinations.

The public is advised to use caution when traveling through this area and to be alert for construction and advisory signing. Pedestrian access will be maintained as much as possible but the walking public is advised to use alternative routes to access the adjacent buildings.

Smith Construction, Inc. is the general contractor for this project.

The City of Marquette asks you for your patience during the construction process.
