

## PUBLIC SERVICE ANNOUNCEMENT

For Immediate Release

**June 24, 2016**

For More Information:

**Engineering Department / 228-0440**

### **JACKSON TO NEWBERRY STREET TRAFFIC DISRUPTIONS**

Beginning at 7 a.m. on Monday, June 27, Altamont Street from Jackson Street to Newberry Street will experience traffic disruptions due to the construction and extension of the Altamont Street sidewalk. This project is a continuation of a project completed in 2013 for the Safe Routes to School Program. This is the second phase of a three-phase project. This phase is scheduled to be substantially complete by the end of July.

Altamont Street will remain open to traffic but will be narrowed to allow construction work. There may be times when traffic will be stopped to allow certain construction activities.

The public is advised to use caution when traveling through this area and to be alert for construction and advisory signing.

Premeau Construction, Inc. is the general contractor for this project.

The City of Marquette asks you for your patience during the construction process.
