WRIGHT STREET TRAFFIC SHIFT

A traffic shift will occur on Wright Street from 8 a.m. to 7 p.m. from Monday, Oct. 3 through Wednesday, Oct. 5. Two-way traffic on Wright Street will be delayed and narrowed down to one lane of one-way traffic that will be controlled by flagmen.

Traffic will be narrowed down to one lane next to Wright Street at the site of the new Municipal Service Center, just west of Sugarloaf Avenue. The one lane of traffic will consist of a temporary gravel surface.

The traffic shift is necessary for construction associated with the new Municipal Service Center.

The public is asked to be aware of the traffic shift, be prepared for delays, be cautious through the area, and consider alternative routes.
