NEW MARINA GALLERY FEATURING PAUL ROSE PHOTOGRAPHS

The City of Marquette Arts and Culture Center announces an exhibit at the new Marina Gallery located at the Cinder Pond Marina Harbor Services Building. Photographer Paul Rose is this summer's featured artist, with works that reflect the nature and landscape of the Upper Peninsula in both color and black and white photo images. The Gallery will focus on art inspired by Lake Superior and maritime themes.

Paul received a BFA in photography from the Center for Creative Studies in Detroit. Upon graduation, Paul went on to study with acclaimed photographers Ansel Adams, Robert Vigiletti and Steve Benson. Paul continues his passion for art through his photographic artistry.

Currently, Paul splits his times between the Upper Peninsula and New Mexico. His award-winning work is on display in galleries across the southwest and Michigan.

The Cinder Pond Marina is located adjacent to Mattson Lower Harbor Park, off of Lakeshore Boulevard. The exhibit is open to the public Monday through Friday, from noon to 5 p.m. Artists interested in applying for the 2017 summer season may contact the Arts & Culture Center at 228-0472 or email arts-culture@mqtcty.org.
